## Career Objective!

---

I'm a full stack web developer with experience in building both the front and back parts of websites. I work well with JavaScript, React, Node.js, and databases. I enjoy writing clean code, improving performance, and learning new things. I'm looking for a role where I can work on real projects and improve my skills.

## Education

---

- |   |                       |
|---|-----------------------|
| <b>Tata DAV School Sijua</b> , Intermediate in Science (PCM)                            | July 2019 - June 2021 |
| • Percentage: 79.6/100  |                       |
| <b>Ramgarh Engineering College, Ramgarh</b> , BTech in Computer Science and Engineering | Dec 2022 - June 2026  |
| • GPA: 7.38/10  |                       |

## Internship

---

- |   |                       |
|---|-----------------------|
| <b>Web Development Intern</b> , CodTech IT Solutions  | June 2024 – July 2024 |
| • Developed and launched responsive web applications with HTML, CSS, and JavaScript to enhance overall user experience by 25 %. |                       |
| • Added REST APIs to strengthen dynamic functionality, resulting in 30 % greater user engagement.                               |                       |
| <b>Web Development Intern</b> , ApexPlanet  | June 2025 – July 2025 |
| • Web Development Intern at ApexPlanet, contributing to responsive web interfaces using HTML, CSS, and JavaScript.              |                       |
